

5) Substance Abuse		Comments (include any mitigating/aggravating factors):
a) occasional drug use	<input checked="" type="checkbox"/>	John admits to daily use of marijuana and some experimentation with prescription drugs when they are available to him. Although he does not view his substance use as a problem, John explains that he wants to keep out of conflict with the law upon his release into the community.
b) chronic drug use	<input checked="" type="checkbox"/>	
c) chronic alcohol use	<input type="checkbox"/>	
d) substance use interferes w/functioning	<input checked="" type="checkbox"/>	John admitted that he was fired from one of his part time job placements when he attended work under the influence of marijuana.
e) substance use linked to offences	<input checked="" type="checkbox"/>	One of John's current offences is for Possession of Controlled Substance. Police indicate that they suspect John is also dealing drugs. John denies these allegations and states that he only spends time with friends who use drugs, but does not sell them.
